CUT-OFF—Arrow points to new cut-off being built at Palm Springs Junction where Highway 111 branches off from Highway 60-70-99 for Palm Springs. The new road will eliminate

the dip down toward the underpass (extreme right) and the climb back up, (center). Work on the project has been temporarily halted by a strike of operating engineers.

City Tax Rate to Remain Unchanged Says Council

Budget Goes Up But Rate Will be \$1.28

Monday, June 30,
Set for Public
Hearing on Costs

Palm Springs tax rate will remain unchanged at \$1.28 per \$100 assessed valuation, City Manager Russell Rink said Tuesday.

Discussion of the preliminary budget was completed that evening at a conference of city council and department heads and the figures will be set in order for perusal by the public in time for the hearing which has been set for June 30, 3:30 p.m., at city council chambers.

PRELIMINARY budget figures call for an expenditure of \$780,000 during the 1952-53 fiscal year which starts July 1. This increase is due, Rink said, to the growth of the city, higher salaries and other factors.

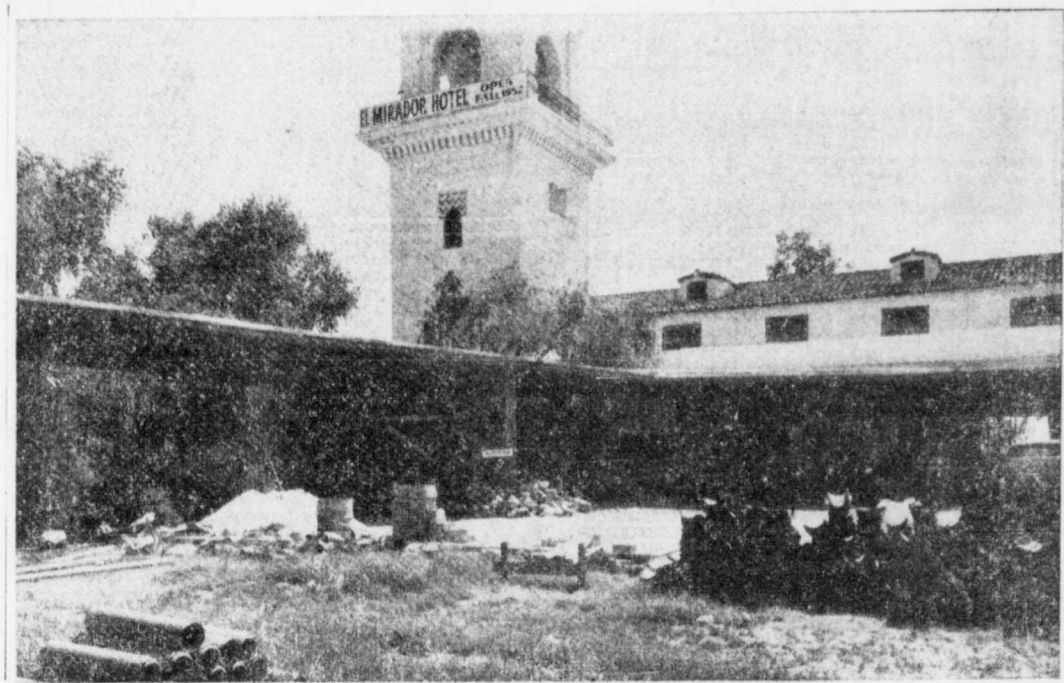

He said it was estimated that the assessed valuation of the tax base here will increase to \$30,000,000, a gain of a million dollars.

The tax rate is based on the assessed valuation and will officially be established in August. Before action can be taken, figures of the valuation must be received from Frank Burchfield, county assessor, at which time council will adopt an ordinance fixing the amount of money needed to operate the city.

COPIES OF THE budget will be placed at Wellwood Murray Public Library, the newspapers and at the city hall where it may be examined by the public.

Then on Monday afternoon, June 30, at 3:30 p.m., the public hearing will be held.

Following this the final budget will be adopted officially by the council.

(Desert Sun Photo)
PROGRESS—El Mirador hotel will be ready in the Fall to resume the hospitality it dispensed to nationally known figures prior to 1942. Picture above shows the patio which is swarming with workmen these days, restoring the famed spa to its former beauty.

Rich Shopping Area Added to Local Field

Merchants in the Palm Springs area now have a widely expanded market open to them with the announcement that a new publishing partnership involving the Desert Sun and the Desert Journal has been accomplished.

The Desert Journal published in Joshua Tree for more than four years has a wide circulation throughout the entire Morongo Valley all the way and beyond the now booming community of Twentynine Palms.

FORMATION of the new partnership was announced this week by Oliver B. Jaynes, publisher of the Desert Sun and Martel Ferris, publisher of the Desert Journal and is looked upon with great interest by readers and merchants in both the Great Morongo Basin and the Palm Springs resort area. Jaynes has purchased the interest of Ray Rees, a former partner in the business, and the weekly newspaper will be operated by the Jaynes-Ferris partnership. The Journal was established in 1945 and circulates in the "high" desert area between Morongo Valley to Twentynine Palms, including Yuca Valley, Pioneertown, and Joshua Tree where the mechanical facilities and office are located.

FERRIS HAS been a partner in the business and has served

Here I sit and try to rhyme
Getting duller all the time,
Nothing to say so why do I try,
Vacations coming, by and by.

SEEMS I HAVE a tremendous number of friends here . . . Word of mouth comments and those via Uncle Sam's mail carriers convince me of this . . . Such sweet sentiments such as: "What has happened to calendar reform? Why can't we arrange it to have a Friday, the 13th, in every month?" . . . and . . . "To think June 13 is the only time there is a Friday, the 13th, all 1952!" . . . The word of mouth comments which did not have to conform with postal laws were of much coarser nature . . . All right, so I was made a bum out of or some other equally ungrammatical expression . . . Anyway, I had a good day of rest.

AND I'LL leave it to any good horse enthusiast, I mean the kind who gets his equestrian exercise walking to and fro between the rail and the sellers' windows with an occasional detour to the cashiers . . . When you bet one horse to win, another to place and a third to

See THIS SIDE, Page 6

TEN-CENT TOLL CALLS DELAYED FOR A WHILE

There is still something that costs only a nickel in Palm Springs—telephone toll station calls.

Permit had been granted the California Water and Telephone company to increase the rate to ten cents as of July 1 but Bill Nash, local manager for the company said all of the equipment will not be here by that time.

The new ten cent telephones are here but other needed equipment is not and when it will arrive, Nash would not venture a guess.

The new telephone pay stations will be on the order of pre-pay stations in larger cities. That is, the dime must be placed in before calling central or dialing. It will be returned if the call is not completed.

At present, the nickel is placed in after the number has been obtained. Many people are not used to this type resulting in much shouting by the called person: "Drop your nickel!"

PALM SPRINGS GRADS BETTER THAN AVERAGE

Survey of the progress in college during the first semester achieved by the graduates from Palm Springs high school in the class of 1951 indicates above average success.

Transcripts of the records for the first semester of the 1951-52 school year were received by Henry Greeley, principal of the high school, for all of the 31 students who entered a college during the past year.

THE AVERAGE GRADE point average for these 31 students who attended 22 different institutions was 2.218. An average grade point average is 2.00 for a mark of C. This indicates that Palm Springs high school graduates of the class of 1951 achieved .218 above the average grade of C.

Seven of the students made a grade point average of 3.00 or more (B or better); 14, a grade point average from 2 to 2.99 (C to B); 6, between 1.00 and 1.99 (D to C); and 4, .99 or below (D). One received a grade point average of 4.00 or A straight.

A SECOND comparison may be made on grade point differential between that achieved in college and high school. The average student is expected to achieve one grade point less in college compared with that achieved in high school, said Greeley. Palm Springs high school students of the class of

1951 show a differential of .881, which is .119 better than the average. The above survey shows that the Palm Springs high school does a better-than-average job of preparing its pupils for college.

Colleges which this group of graduates attended are as follows: Stanford, Orange Coast, Long Beach C. C., California Tech., Pasadena City, Chaffey, Mount Mary, L. A. C. C., Wintona State, Stephens, Arizona, U. C. L. A., California Polytechnic, Woodbury, Scripps and Pomona.

Home is Destroyed

The A. H. Guthrie home in North Palm Springs was almost three-fourths destroyed by flames Tuesday. A short in the wiring was believed the cause. Damage was estimated at \$15,000.

JUST THE BOSS WORKING OVERTIME

The police prowl care made a record run to the Ramon Drug store Friday night.

The burglar alarm was sounding off merrily.

But they went away slowly and with empty hands.

For when they got there they found Hy Finerman, owner, doing a bit of overtime work.

Palm Desert Firemen to Stage Fun Frolic June 24

Kay Olesen, chairman, announced last night that plans are well under way for the Fourth Annual Fun Party of the Palm Desert Volunteer Firemen. Proceeds of the party go for equipment and improvements to the newly opened fire station in Palm Desert.

Once again the exclusive Shadow Mountain club has been turned over to the Firemen for the entire day and night of June 24 and will be open to all that buy tickets to the Jamboree. Valley residents are still talking about last year's show which was attended by more than 1200 people.

DANCING under the stars to the music of Chuck Castle's Orchestra will be one of the highlights of the Jamboree—swim-

ming and pool contests in the mammoth figure eight club pool—top acts of vaudeville—all are among the plans for this Fun Festival.

It is presently planned that each of the seven valley Fire Departments will enter a local girl in the bathing beauty contest to select "Miss Flame of 1952."

ANNOUNCEMENT was also made of a challenge to a tug-of-war across the pool by the Palm Desert Firemen (fully clothed) to the Cathedral City Firemen (fully clothed).

Olesen announced that advance sale ticket reservations may be made at Shadow Mountain Club—Donation of \$1.00 per person—P.O. Box 1, Palm Desert, California.

Hospital Rules Covering Staff to be Changed

Desert District Hospital board, at a meeting Monday night which developed into heated arguments at times, started action toward revision of its by-laws which will eliminate the clause which provides that every member of the medical staff be a member of the California Medical association.

This action was taken following the appearance of several persons requesting that Dr. Henry S. Reid be admitted to practice at the hospital.

ELIMINATION of the clause will make it possible for Dr. Reid to renew his application for membership on the staff and permit him to take his patients to the hospital.

Dr. Reid, through his attorneys, Hilton McCabe and Rex Hardy, a few weeks ago filed a petition for a writ of mandamus to compel the hospital board to admit him. The writ was dismissed by Judge Clarence Kincaid in the Indio branch of the superior court as "premature" in that the hospital board had not held a hearing on Dr. Reid's demand.

IN THE PLACE of the CMA clause, which will be eliminated, another article will go into the by-laws. This will provide that every member of the hospital staff undergo a periodical medical examination by a competent board of medical examiners who are not local residents or have local affiliation.

Acting Secretary Florian Boyd of the hospital board said Tuesday this will provide an impartial test.

DIRECTORS also acted on the coming election to the board, scheduled for this fall. They voted to petition county supervisors to allow them to hold their election on the same day as the general election, November 4. This practice was followed at the board election two years ago.

The board also voted to accept the bid of Harry Pitts for six of the eight old Torrey Hospital buildings on the Desert Hospital grounds.

Pitts will move the buildings from the hospital grounds. The Palm Springs Masonic Temple has been purchased by the Masonic Lodge here. The eighth building, old No. 139, now used as a warehouse for Desert Hospital, will be retained for that purpose.

FOLLOWING REMOVAL of the old buildings, plans for landscaping the hospital grounds, authorized at an earlier meeting will be carried out.

Directors present Monday night were O. A. Torgerson, president of the board, Dr. William H. Alken and Boyd.

City Treasurer at Boston Convention

City Treasurer Robert W. Peterson and wife are in Boston where Peterson is attending sessions of the national convention of Finance Officers. He will return to his office here next week.

THEIR PET NOW IS A DEAD DUCK

James Olsson and wife of San Lucas road are a bit sad these days.

They lost their pet duck. About a week ago this duck adopted them. Where it came from they don't know, it just came and stayed. Everywhere Olsson went the duck went too, except to the Desert Bank where he puts in the day as assistant cashier.

But then it happened. Even before they even knew whether it was a mister or miss. They are inclined to believe the former for there never was an egg.

Both were gone Monday. When they got home that night, the duck was dead.

Olsson doesn't know whether it was the heat of that day or the fact that Tahquitz river is running lower and lower.

Stalled

Two Pay Fines for Blocking Traffic

Det. Dale Thompson and Officer Ted Greene of the local police arrested N. S. Crowley, 42, Los Angeles attorney, on a charge of reckless driving and J. O. Tuntland, Riverside, on a drunk charge after complaints came in to the police station that an automobile was blocking traffic before Wellwood Murray Public Library.

The automobile had stalled and Crowley could not get it started.

Crowley paid \$150 fine in Judge E. E. Theriault's court and Tuntland, \$25.

Workmen Swarm Sunset Towers in Completion Job

Crews of workmen were making rapid progress this week on conversion of old Sunset House, for years the objects of complaint because of its unfinished condition, into Sunset Towers, destined to be one of the show-places of the Village.

Stores on the ground floor, apartments upstairs reached by Palm Springs' first commercial elevator, restaurants, swimming pool, and many other items are going into the structure which is expected to be ready for occupancy at the start of the new season.

Walter Glatter, well known Villager, is head of the group which took over the building after its earlier promoters had

The PUBLISHER'S Corner

WHEN THE REPUBLICANS MEET at Chicago early next month, one of the most evenly matched contests for the party's nomination will be staged before the very eyes of millions of Americans and what is said there will be listened to with profound interest by millions more. For there in Chicago the stage will be set and the Republican standard bearer selected for what many people believe is to be the most vital election in the history of this country.

With the man they select and the policies they proclaim, the Republican party may have its last chance. Unless the voters put an end to the sickening stench that now hovers over Washington as a by-product of a party too long in power, it may be too late before they have another chance. Another four years of leadership by a party corroded with graft, without ideals and led by men too cynical to meet the challenge of the times, may lead this nation so far down the path to ruin that there will be no returning.

It can happen here.

The big hope lies with the awakening and reawakening of millions who will use their time and energy and resources in a constructive effort to save the future of this nation. Thinking people are generally aware of the present vital need for positive, individual participation in public affairs. But most people do little more than complain about higher taxes, corruption and the trend toward a despotic national government.

The situation that confronts every American is well expressed in a bulletin issued by the "Christophers," an organization dedicated to stimulating individuals to assume a personal responsibility in "restoring to the marketplace the spiritual truths upon which this nation is founded and without which it cannot survive."

You're on your own—it's entirely up to you—and here is what the Christophers say you can do about it during the next five months: 1) Vote as you choose. 2) Better your own or any political party you like. 3) Work as an independent voter if you so prefer. 4) Act as a "committee of one" in helping stir up tens of millions of Americans who fail to vote.

"It is better to light one candle than to curse the darkness." This is an admonition which every thinking American should bear in mind between now and November.

Forecast Hike in County Tax for Next Year

Supervisors Start Study of 1952-53 Budget

Riverside county's tax rate per \$100 is expected to increase over the \$1.63 figure of the current fiscal year which ends June 30 according to Auditor Ray Hicks—but how much, he would not say.

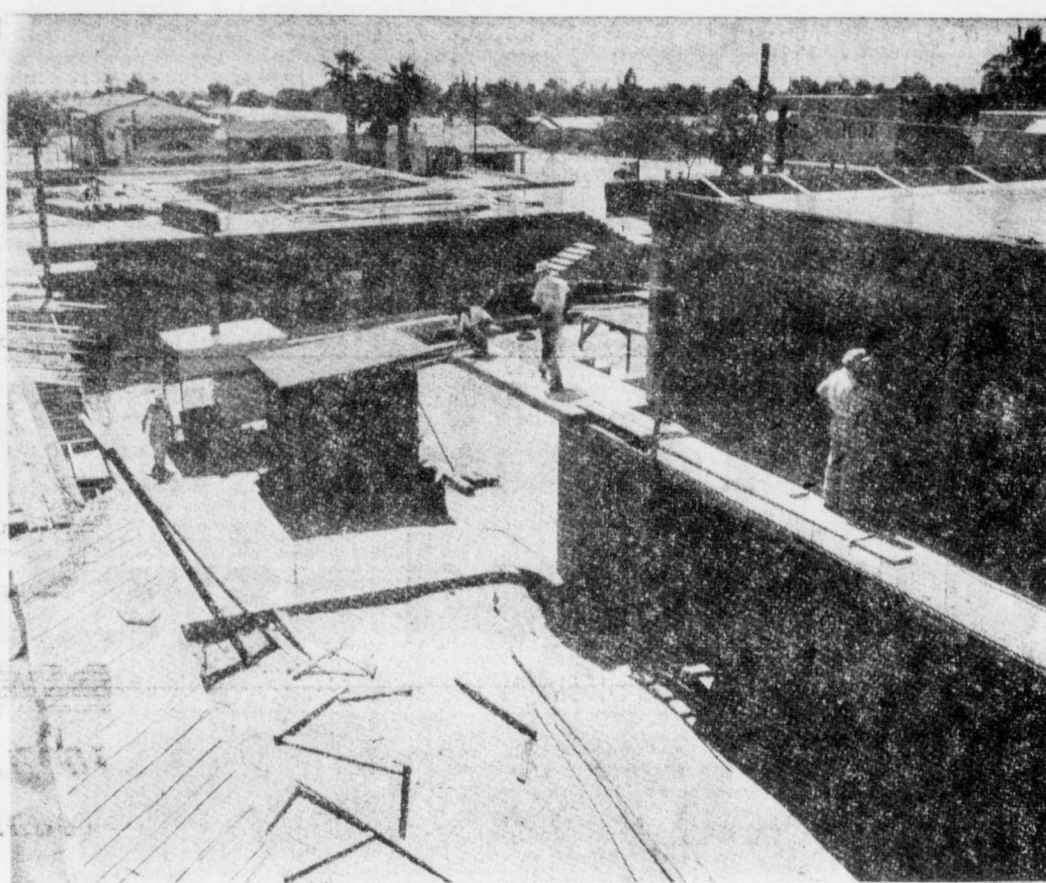

Hicks' estimate was made after county supervisors on Monday started work on the budget for the 1952-53 fiscal year.

Estimated expenditures totaled \$16,113,840, about \$550,000 higher than the current year's budget which is the greatest in the county's history.

HICKS SAID that he did not have enough knowledge of the balances in funds for the current year and of State and Federal grants for the coming fiscal year to be able to make a prediction about how much of that \$16,113,840 will have to be met by a tax on property.

During the next few weeks, the supervisors will meet with department heads and with representatives of the County Tax Committee and of other taxpayers' groups and try to trim that total.

OFFICIALS SAID that about \$200,000 of that increase of \$550,000 is in wage increases recently voted by the Board of Supervisors to about 950 of the 1150 employees and officials of the county. They said that much of the rest of the increase is due to the inflation in the cost of material and equipment.

(Desert Sun Photo)

PROGRESS—Work is proceeding rapidly on Sunset Towers which, as Sunset House, was unfinished for years. The new Sunset Towers will be one of the show places of the Village. On the platform, right, is Walter Glatter, head of the group which purchased the unfinished building and have the new model structure ready this Fall. Kneeling at the end of the platform is Arthur Wright, supervising construction.

Traffic Snarled When Operating Engineers Strike

Villagers traveling to south coast beaches via Riverside and Santa Ana canyon found themselves stymied in Corona where a strike of heavy equipment operators halted work on the highway through that city.

Barbed wire and blocked roads, coupled with heavy weekend traffic, caused long delays there.

The strike, which began in San Bernardino county, moved into Riverside county and first tied up construction on the new Freeway extending east from Palm Springs junction.

This week the strike stopped work on Highway 71 in Corona and on Highway 395, the inland road to San Diego from this area, at Perris.

The operating engineers walked off the job to enforce demands for higher wages and other benefits.

The unions are dealing with the individual contractors on the job but as of Tuesday, it was reported no negotiations were under way and that it would be several days before any settlement could be made.

Hitch Hike

Village Bus on Vacation Now

No transportation? Grease up the thumb. The Village Bus is on vacation until September.

Operated by Tanner Motor Lines on Palm Canyon drive during the season, the hourly runs were discontinued this week to be resumed in the fall. Frank Rogers and Lee Havener were the drivers the past season.

School Board Rejects Proposal

Proposal that schools of the Palm Springs Unified district release pupils for one hour each week to attend religious school sessions was rejected by the school board, meeting last Thursday night.

About 20 persons were present to argue for and against the plan.

Change in Courts Costing Counties More; Cities Less

The new inferior court system of the state of California, instituted by the 1951 legislature as result of a mandate by the voters at the 1950 general election, will be echoed during the 1953 legislative session.

The system abolished the city courts in many counties and combined them with justice courts in new judicial courts. It also set up municipal courts.

BEFORE THE CHANGE went into effect here there were two courts, the city court and justice court. Judge E. E. Theriault presided over both, the city paying for its court and the county for the justice court.

Now the two courts are combined. Judge Theriault presides over the new court. The county pays the costs—but the city still gets all of the traffic fines and 75 per cent of all other fines imposed when the city makes the arrests.

SUPERVISORS of counties where the new system is in effect.

Kiwanians Hear Post Office Story

George E. Salensky, head of Palm Springs branch, National Association of Letter Carriers, was the speaker this week before the local Kiwanis club at World Wars Memorial Hall.

His topic was the growth of the Palm Springs post office. Martt Kenyon was program chairman for the day and President John Connors presided.

Two Villagers Back from Korea

Back from Korea this week are Sgt. R. C. Paisley, son of Mr. and Mrs. Harry Paisley of Orchard Tree Inn and Cpl. F. A. Shipley, son of Mr. and Mrs. Richard Shipley of 151 North El Segundo.

They docked at San Francisco last week.

fect—Riverside is one of them—do not look with favor on this.

The county supervisors association is approaching the problem objectively, and plans an extensive survey in collaboration with the League of California Municipalities and the legislative committees as soon as the new system has had a six month tryout, and the survey undoubtedly will provide some interesting facts for the legislature to consider.

IN ADDITION to paying the court costs, the county is required to furnish suitable quarters for the municipal and justice courts, including heating, lighting and janitorial services.

In Palm Springs the county rents the city court room.

The record-breaking fruit had been shipped to New York by Richard Begdasarian & Co. of Thermal. The grapes reached New York by express and were sold by Anthony A. Bianco, Inc. Buyers bid heatedly to get the first California grapes.

Cathedral City's Desert Bank to Open at 8 a. m.

O. A. Torgerson, president of the Desert Bank, announced that, commencing this week, hours at the Cathedral City institution will be from 8 a. m. to 1 p. m. Mondays through Fridays and from 8 a. m. until noon Saturdays.

"This action was taken after consulting quite a number of our local depositors," said Torgerson. "They approved the idea. These new hours will make it possible for businessmen to do their banking in the cool of the day before they open their places of business. The new hours will also give our employees more leisure time at home during the hottest part of the day."

Banking hours at the Palm Springs and Indio Desert Banks will remain unchanged, 10 a. m. to 3 p. m., Mondays through Fridays and 9:45 a. m. until noon on Saturdays.

The Cathedral City bank will return to these hours on September 14.

Bids Opened on Freeway Project Through Ontario

Bids were opened Friday by the division of highways in Los Angeles on the first unit of bridge construction on U. S. Highway 99 Freeway through Ontario and Upland. The work consists of seven grade separation structures and one bridge between the Los Angeles county line and Euclid avenue. Chas. Macclosky Co. of San Francisco was low bidder at \$746,708.20. The other two low bidders were Guy F. Atkinson Co. of Long Beach for \$787,228.00 and Ukropina, Polich & Kral of Los Angeles for \$787,402.50. There were eight bidders on this project. Bids on the structures of the second unit between Euclid avenue and Archibald avenue will be opened in Los Angeles by the division of highways July 3, 1952.

The project will cut time and distance from Palm Springs to Los Angeles.

FROM THE Los Angeles county line near Margarita avenue (Fifth Street) five block north of present U. S. Highway 70-99, the freeway swings northeasterly and along the Upland-Ontario city limits as far as Campus avenue, and thence southeasterly back to the existing highway at Archibald avenue.

The eight structures in the first unit will provide for undercrossings of the freeway at Mills avenue, Monte Vista avenue.

Grapes

First CV Load Sets Price Record

A shipment of grapes from Thermal set a record in New York last weekend by selling for an average of \$15.12 a lug, the Brown & Secomb Fruit Auction Co. of New York reported Monday.

The record-breaking fruit had been shipped to New York by Richard Begdasarian & Co. of Thermal. The grapes reached New York by express and were sold by Anthony A. Bianco, Inc. Buyers bid heatedly to get the first California grapes.

Daughter Arrives For the Picows

Michele Rose Picow, weighing seven pounds, nine and one-half ounces, arrived in this world June 13 according to proud announcement of her parents, Charles and Esther Picow. He is a well known local artist.

Ocean Road

CV Group to See Latest Progress

Members of the Coachella Valley to Ocean Highway association will meet at Anza tomorrow to inspect the newly completed portion of the highway which connects the desert floor with the sea at Oceanside.

The meeting tomorrow will be at the Anza Community building starting at 12:30 p. m.

Secretary Clarence Washburn of Indio said that new officers for the association will be named and Max Giles, assistant to A. C. Keith, county road commissioner, will be the principal speaker.

Central avenue, Benson avenue, Mountain avenue; a bridge at San Antonio Wash; and overcrossings of the freeway at San Antonio avenue and Euclid avenue.

FREWAY PLANS call for four-lane divided highway construction with the median strip wide enough for ultimate development to six lanes. Altogether fourteen grade separation structures and two bridges will be required in the entire 7.2 miles of freeway between the Los Angeles county line and Archibald avenue. Full interconnecting ramps are planned at other important cross streets. There will be no crossing at grade.

(Desert Sun Photo)
SUCCESS STORY—Mr. and Mrs. Clarence E. Brown, Banning, who gave up a regular pay check, received for 26 years, to try business for themselves with great success. Their dog, Butch, is shown with them.

After 26 Years They Take the Long Step to Success

There are two people in Banning who are launched on the greatest adventure of their married life with all chains that bound them to a secure economy in smog bound Los Angeles severed.

There is nothing unusual for two persons to forego all of the security that a weekly paycheck carries with it but when middle age arrives and that selfsame check has been coming in for 26 years, that's another story with an entirely different color. Color that is bold and blazing and youthful in spirit.

SUCH IS THE CASE with Clarence L. Brown and his wife Laura, both of whom are thrilling to each moment of the day and the weeks as they go rolling by—for they are in business for themselves—the furniture business in Banning.

And the future—the success of the business venture . . .
 "Well, I remember," said Brown, "when I came home one day and told Laura that I was going to give up my job and that paycheck that I had been bringing home for 26 years."

"**SHE LOOKED** at me as if I were demented for a moment or two and from that moment on for some time my desire to quit a job of 26 years standing with an institution that had paid me a good salary was a topic of discussion. There was a time when I was a little doubtful but by then Laura had convinced herself that it was the best thing the two of us could do."

The Browns gave up their comfortable home in Los Angeles, bought a trailer and set forth. Their destination was Banning and a desire for a taste of that "great outdoor" living.

AS BROWN ROLLED out of Los Angeles, his wife beside him and in her lap their Chinese pug dog, a champion known in aristocratic canine circles as "Lord Kee of Compton" but more inclined to answer to the name of just plain "Butch," he had reason to think about the past.

Among these memories was his career with the chain furniture store where he had at various times acted as credit manager, floor covering buyer for all the branch stores, and then sales manager for the entire organization.

MRS. BROWN had over the

years gone by expanded her hobby of interior decorating to one in which she was called upon many times as a professional decorating model homes in various tracts in the Pomona area.

Brown's Banning Furniture store today is being operated on the same plan as that of the chain store for which he had worked 26 years.

"I was trained to operate on a small margin of profit and to go after volume. I saw this plan worked into a great success for the furniture company that employed me. I'm doing the same here in Banning. Little profit per item but a large volume of business."

BUSINESS is good too, both declared. Brown even delivers the heavy items he sells personally. He was rousting a giant gas stove around during the interview with the reporter and was preparing to load a massive refrigerator on the truck as the newsman was leaving.

"We have a grand hobby too," Mrs. Brown announced. "Raising Chinese pug dogs. There's a lot of fun in that too. Here, Butch, let the man take a look at you."

Butch seemed a little bored but politely wagged his tail.

Armed Bandits Sought on Desert

Police officers were alerted here Saturday night to be on the look out for two armed men who earlier that day had held up a crew of Mexican laborers near Mecca and robbed them of \$128.

One of the men was armed with a rifle and the other with an eight-inch hunting knife.

The two were described as being in their 20s and both wore cowboy boots and levis. They fled in an old model car.

Road blocks were set up here but the pair was not observed.

On Probation

Harold V. Huntley was released under suspended ten-day sentence and two years probation after facing Judge E. E. Theriault on a drunk charge. He was arrested by Deputy Sheriff Ray Youngbird. He resides in North Palm Springs.

Autoist Injured, Cited After Crash

In Coachella Valley hospital at Indio recovering from injuries received at Rancho Mirage Saturday night is Jesus Macias Rubalcava. When he is released by the hospital he will walk

straight into the arms of the law. Rubalcava was cited by California Highway Patrol officers after the accident for drunk driving.

His automobile ran into a Greyhound bus on Highway 111 at Rancho Mirage, pinning him under the steering wheel. After he was extricated, he was removed to the hospital and citation issued by the CHP.

No one on the bus was hurt.

Hearing on Date Order Next Week

At the request of the date advisory board, the state director of agriculture has called a hearing on the date marketing order to be held next week. This will provide an opportunity

for a decision by the director before July 1, action asked by the date advisory board.

Recently a petition was circulated asking termination of the Date Marketing Order. While the petition carried the bare majority necessary to obtain action, the time required for certifying the names and calling the hearing would place such hearing into the next marketing season.

Board members were unani-

School Board to Meet This Evening

Trustees of Palm Springs Unified School district will meet in adjourned session at Frances S. Stevens school at 7:30 p.m. today.

Row Breaks Over County Salary Hikes

Board Squabbles Over Hospital Workers' Pay

Supervisors staged another wordy battle Monday over wage increases but voted \$30 a month hikes for 14 hospital maintenance men and refused \$10 a month for 25 attendant nurses.

Supervisor William Jones appealed to the board again to rescind its controversial new salary plan adopted April 21, a plan that gave a total of \$200,000 a year in wage increases to about 950 of 1150 County employees.

HE SAID the plan caused "great dissension" among the employees because it failed to give some of them increases and because it gave some higher-ranking officials higher increases than it gave most other employees. He said the board should adopt a plan that would grant "cost-of-living" increases to every employee.

The other supervisors maintained that the salary plan is a good one and has few faults and did more than any salary action in recent years to put jobs in proper relationship in

terms of skill and responsibility.

JONES VOTED with them to raise the salaries of the maintenance men, saying that it was only one of many inequities in the salary plan.

He and Supervisor Homer Varner voted against the majority of three (Irwin Hayden, Bealie Barnes, Sherman Lewis), when that majority rejected a salary increase for attendant nurses.

The County Salary Committee recommended the increase for the maintenance men and failed to recommend an increase for the attendant nurses. The Salary Committee is a group of elected County officials that developed the salary plan.

Family Night at Village Theater

After getting underway with their summer schedule, the Earle C. Strebe Theaters this week announced the starting of a family night.

To be run every Friday night this summer, Family Night will afford an opportunity for the entire family to visit the Village theatre, to relax in cool comfort, and enjoy the best in motion picture entertainment, at a single admission cost. All that is necessary is to register your family at the boxoffice and receive your family night card.

It's full up with live news. Subscribe to The Desert Sun.

Zone Six Taxes May go up Four Cents Next Year

Zone Six, Riverside county flood protection district, which includes the Palm Springs area, will pay four cents per \$100 assessed valuation in taxes in the fiscal year starting July 1, 1952, than in the current year. It was indicated last week at the county seat.

County supervisors, sitting as flood control district supervisors, Friday started consideration of budgets from all six districts. New projects in all of the districts will need a levy of more than double last year's taxes.

Flood control tax last year was 13 cents. If supervisors adopt the recommended budget, the tax rate will be 17 cents. Of this amount, two cents goes for administrative purposes. In some of the zones the rate will be four times the current rate, in others three times.

From Page One—MORE ABOUT SHOPPING

as editor of the newspaper for the past four years. He will continue with the business in that capacity.

Famed as the most healthful climate in the United States, the area along Twentynine Palms highway, most of which is in San Bernardino county, has enjoyed a steady growth—especially during the past five years. The recent announcement that a large military base is to be established in the area greatly stimulated activity there. Construction has already begun on the base and will continue for the next several months. Many new business establishments for the area are planned and real estate sales have taken a big jump.

Through the new association of The Desert Sun and The Desert Journal, advertisers interested in reaching residents in all of the desert area between Banning and Indio can do so with one order and at a combination rate for the two newspapers. Many improvements in The Desert Journal are planned, Jaynes and Ferris said.

WHILE THE JOURNAL has its own printing plant and newspaper press, it will have advantage of additional facilities of The Desert Sun, including its Fairchild engraving machine for the reproduction of pictures.

The Desert Sun will have a new department devoted to news and advertising of the Joshua Desert area. It is expected that a considerable amount of trade from that section can be developed by Palm Springs firms which have merchandise and services not available in the area to the north. Several local firms are planning branch establishments in or near Twentynine Palms, it is understood, and the area is included in the franchise of many Palm Springs firms.

Mrs. Driskell Now at Home

Mrs. C. L. Driskell, wife of Tex Driskell, well known local business man, was able to leave Desert Hospital for her home Wednesday.

While still feeling the effects of the accident in Rattlesnake Canyon ten days ago, she is reported on the road to recovery.

Mrs. Driskell was thrown by her horse when it shied at a rattlesnake in the rugged canyon 40 miles from here.

INCOME

\$12,000 Per Year
11 units and helps quarters, situated in one of the most desirable Hotel areas in town. Property has a 20'x40' filtered and heated pool, lots of shrubs, newly repainted. Will show \$12,000 per year on a \$50,000 cash equity. Price is right and owner will carry a 5% trust deed on balance.

New 2 bedroom, 1 1/2 baths at \$13,500 with \$4000 down.

2 bedroom, 2 bath, nicely furnished, lots of shrubs, patio. Owner is anxious to leave and has dropped the price to \$16,500. Terms.

We are soon moving to our new building next door and our present premises are for rent on a long term lease. Rent is low.

The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

Like nearly everything in this fast moving civilization of ours, municipal government has become a complex science. In order that councilmen may be more adequately prepared to cope with their responsibilities, the League of California Cities last year established a "councilmen's institute" where these elected officials were given an intensive one-day prep course.

Lawyers, finance officers, engineers, planners, and city managers poured so much information into the poor councilmen in one day that they naturally couldn't retain it all. Last week he second such institute was held in Fresno but it was extended over a 2-day period. Councilmen Ted McKinney and Jerry Nathanson attended classes with over 200 councilmen from all parts of California.

AFTER THE CLOSE of the institute a lively meeting on a highly controversial sales tax proposal was held. The counties of the state have proposed a sales tax of 4% in the interest of uniformity and to produce more revenue for county governments. Three cents of the 4c tax would continue to go to the state. Within the corporate limits of cities the 1c would be divided 3/4c to the city and 1/4c to the county. In the unincorporated areas of the county the entire 1c would go to the county.

On the surface the proposition looks reasonable but underneath there are two principal objections. First there are 42 cities in California which now have a 1c sales tax. These cities, of which Palm Springs is one, would lose 3/4 of their present sales tax collections. In our case the loss would be around \$35,000 a year. Oak-

land which also has a 1c sales tax would lose over \$400,000 a year. Needless to say the representatives of the affected cities objected in plain, straight language from the pocketbook terms.

THE SECOND OBJECTION is that county government is already taking enough money out of the pockets of city dwellers who get little service in return from the county. This objection stems from a very bad habit many counties have fallen into over the years. These counties have and still do supply municipal type service to people living outside incorporated cities.

Perhaps your thinking, "What's wrong with that?" Well the catch is that the services are paid out of the County General Fund. This means that the man who lives in a city and pays city taxes for fire, police, and other municipal type services is also paying county taxes which are used to supply these services to his neighbor in the county who pays no city tax.

The 1952-53 budget will be aired at a council hearing to be held on Monday, June 30th at 3:30 p.m. Starting in July all council meetings will be held in the afternoon during the summer.

Desert Area Getting Break in Fire Protection System

According to county officials there is one branch of county aid about which the desert area cannot complain—that is fire protection in the rural areas.

From nothing only slightly more than five years ago, a fire protection network has been built up which now consists of 10 fire stations and four additional points where equipment is stationed. It is manned by 18 permanent personnel, about which is grouped a volunteer corps which numbers close to 200 men.

operated by a state agency—operated by a stat agency—the state division of forestry—but largely financed by county taxes. It is now such an important factor in reduction and prevention of fire loss that there has been a county-wide cut in rural fire insurance rates varying from 6 to 30 per cent.

There are six fire stations now functioning in Coachella Valley—Indio, Desert Hot Springs, Cathedral City, Palm Desert, La Quinta and Thermal. An additional one at Mecca should be ready to move in equipment within a few days.

There are three stations in the Palo Verde Valley—Blythe, Blythe Air Base and Ripley.

In addition a fire truck is stationed at North Palm Springs and there are high pressure units, consisting of tank trailer,

pump and motor, at Thousand Palms and Oasis in Coachella Valley and at Desert Center, midway between here and Blythe.

THE NETWORK is directed by Assistant Ranger Mel Miller from headquarters in Indio at the Riverside County Fairgrounds.

Currently the fire stations are costing the county about \$5200. The forest service is hiring its own workers and supervising the jobs itself. Stations such as Palm Desert, La Quinta, Mecca and Ripley would cost an estimated \$11,000 each if done by contract.

Sale of Liquor to Indians Costly

Indians have gained many rights in the past few years but they still cannot buy alcoholic beverages. For that reason Eugene Landry, 46, local gardener, is in county jail serving 10 days of a 30 day sentence. Twenty days were suspended by Judge E. E. Theriault before whom he appeared after his arrest.

Police charged Landry, 290 South Calle Rosa, bought a bottle of wine and a case of beer at a local liquor store and gave it to two local Indians, waiting outside.

Six from Village Win Degrees at SC Graduation

Six local residents were included among the 3800 seniors of the University of Southern California honored at formal commencement exercises, held Saturday (6/14) in Alumni Memorial Park on campus. The 69th annual event was presided over by Pres. Fred D. Fagg, Jr.

Benjamin Fairless, president and chairman of the board of the United States Steel Corp., gave the commencement address following the colorful cap and gown procession of graduates and faculty.

Among highlight events was the awarding of ensign commissions to 51 midshipmen of the NROTC unit by Capt. B. K. Culver, SC commandant. They also received their academic degrees and will leave for immediate sea duty in both Atlantic and Pacific Areas.

SC graduates from this community and their respective degrees included: Robert William Gilbert, B.A.; Kenneth Leonard Colborn, B. S. in Commerce; Charles Robert Magadini, Bachelor of Engineering; George Floyd Manington, M. S. in Education; John Marion Weeks, M. S. in Education; Richard Joseph White, M. S. in Education.

a new area orientation map and "Things To See—Things To Do—Where To Go" fun suggestions on the reverse side. Highlight facts from the fact folder of interest to visitors will also be included. Manager Dunkerley was instructed to learn if street names could be imprinted in black. It was also suggested that an easy distribution method be instituted.

PRINTING of the fact folder for next season was unanimously approved with a new color combination recommended. It was also suggested that display advertisements for newspapers and magazines contain more advertising.

SUMMER DUE TO ARRIVE SATURDAY

At 4:13 a.m. Pacific Daylight time, Saturday it will be summer and the weekend will contain the longest days of the year.

Spring this year had 15 days in which the mercury topped the 100-degree mark. Spring last year also had 15 over-100-degree days.

This year the first 100-degree day was on May 3, last year on May 10.

Things Humming at Youth Center

Robert Bennett, director of the Youth Center, announced this week that the Center had reopened for the Summer season Monday after a two-week lay-off.

The Youth Center annually closes the fore part of June to enable Director Bennett to take a vacation. This year it was closed from June 1 to June 15. Throughout the remainder of the Summer, Bennett said, the Center will be open from 1 to 10 p.m. every day except Sundays.

School Enrollment Figures Show Gain

Dr. A. G. Hoff, Palm Springs Unified School district superintendent, said last week that peak enrollment in the district's schools during the year just closed was approximately 75 more than for the previous year. Total for the high school this year was 402 and at the elementary schools, 1250.

copy describing Palm Springs and reduce the art work.

Every effort was made by the committee in studying the budget to cut down on costs and place more emphasis on display newspaper advertising. The pre-season mailer will be discontinued in 1952-53 and the amount budgeted for that purpose will be placed in display and advertising.

Butler Sentenced to San Quentin on Two Charges

William Arlo Butler, 42, local painter, recently convicted of arson and assault with a deadly weapon, was sentenced to San Quentin in San Bernardino superior court.

Butler was convicted of setting fire to his estranged wife's home at Yucaipa and of shooting at Roscoe Deaten, former Yucaipa constable, when the latter tried to arrest him after the fire.

One bullet went through the coat of the officer.

The case was heard before Superior Judge Bruce Findley in San Bernardino. Following his conviction, Butler was tried on his plea of not guilty by reason of insanity. He was ruled sane at the time of the crime.

Butler set fire to two rooms of the home of his estranged wife, Maybelle, on May 12 last year following a dispute over divorce proceedings and a property settlement.

He claimed a mental blackout but psychiatrists from Patton said he knew what he was doing at the time.

New England Girl Flyer and Villager Wed

First Lieut. Isabel C. Fenton of West Springfield, Mass., a widely known civilian and air force pilot, became the bride of First Lieut. Edward A. Stinson of Palm Springs, son of Mrs. Ann Stinson of the Village and E. A. Stinson, New York, founder and first president of the former Stinson Aircraft company. The marriage was solemnized at Kirkland Air Force base, Albuquerque, N. M.

Actress Guest Here

Erin O'Brien Fitzgerald, soprano with Al Jarvis' television show was a visitor in Palm Springs last weekend, staying at the Desert Riviera.

IN ENGLAND — Miss Sally Lockett, daughter of Mr. and Mrs. Donald Lockett who is with the U. S. air force at a base in England.

Sally Lockett Writes from English Base

Sally Lockett, daughter of Mr. and Mrs. Donald Lockett, now in England with the air force for two years, writes interestingly of life there. In a letter to her parents, she wrote:

"My room in the ladies' wing of the officer's club is heated by a coal-burning fire place. A smiling, bent and aged English Batman, in green apron, keeps the fire going, shines shoes, sweeps the floor and fondly tends my flowering plant. The bath is heated by a funny, fat, little, old oil stove which worms up and soots up everything in one easy operation.

"The Service Club has a large lounge which doubles for a dance hall, a game room with ping pong and pool tables, the artists, studio and our office. The latter usually is in a state of bedlam as there is an endless procession of airmen who want to check out game equipment, brew coffee on our hot plate, plan excursions, talk about folks back home or just listen to someone talk American.

"Out of this confusion must come the monthly budget, regularly planned dances, hayrides and picnics, jazz sessions, sight-seeing, coffee hours and round table discussions.

"The English people I have met have been wonderful and I love it all. But I could use some Palm Springs sunshine.

Redlands Bowl Season to Start Tuesday, July 1

A unique production of Shakespeare's "A Midsummer Night's Dream" will open the twenty-ninth summer concert season of the Redlands Community Music Association in the famous Redlands Bowl, Redlands, California, Tuesday, July first at eight p.m. Albert and Bertha Johnson, the nationally known directing team, who returned to Redlands last fall to head a new drama program for their Alma Mater, the University of Redlands, will direct the huge production which will include a cast of more than one hundred adults and children from Redlands and such surrounding communities as San Bernardino, Riverside and Palm Springs.

Jeanne Hays Beaman, who was associated with the Max Reinhardt production of "A Midsummer Night's Dream" in the Hollywood Bowl, is directing the fairy ballet.

The San Bernardino Symphony Orchestra will play the complete Felix Mendelssohn score of the traditional "Dream" music under the baton of its conductor, James K. Guthrie.

Like all of the nearly one thousand Redlands Bowl offerings during the past twenty-eight years, "A Midsummer Night's Dream" will be open to the public free of admission charge.

Director of Radio Feature Visitor Here

Enjoying his first visit in the desert for a long time, Charles Grant Barton, director of the Amos and Andy shows, has been delighted with the warm days and balmy nights at Palm Desert. The director of the longest continuous show on the air is visiting his father, John Grant who authors another famed show, The Abbot and Costello comedy team now on TV. John Grant owns a home at Palm Desert where he spends a great deal of his time. This is the first time his son has been able to take time off for a rest in several months and says that he is enjoying it thoroughly.

Joan Marsh to Tour Europe

Joan Marsh of Palm Springs will be among 12 Scripps College girls who will sail from New York June 25 on a 60-day tour of Europe.

They will be under the guidance of Mrs. Thomas H. Glenn, assistant professor of French language and literature at the college.

Mrs. Russell on Motor Trip East

Mrs. Mabel Russell, widow of the late Jack Russell, noted pianist, left Tuesday by motor for Dayton, Ohio, to visit her mother and father for a month.

On her return trip she plans to stay at Carmel, California, for a few weeks before returning to Palm Springs about Sept. 1.

Stanford Degrees for Two Villagers

Two Villagers were among the 2410 Stanford University seniors receiving degrees at the 61st commencement this month at Palo Alto.

They are Roger Kent Summit, bachelor of arts, psychology and Nona Bulkeley Lake, bachelor of arts, sociology, both from the faculty of humanity and sciences.

Col. and Mrs. Fox Leave for Wyoming

Col. and Mrs. Clinton E. Fox left last week for Wyoming, where they will spend the summer. They will return in August.

Col. Fox is manager of the Palm Springs Employers association's employment office here.

Leave for Chicago

A. C. Harris and family left this week to drive to Chicago. He operates The Chance apartments at 1342 South Palm Canyon drive.

On their return trip they plan to come via Canada and the Rocky Mountain resorts.

Alschulers at Home in East

Mr. and Mrs. Ernest Alschuler are at their home in Chicago after a delightful motor trip which took in Las Vegas and Zion and Bryce national parks.

Mr. Alschuler is president of Sentinel Radio corporation of Evanston, Ill.

Celebrate Birthday

Making merry at the Shadow Mountain club cocktail hour and dinner dance Saturday evening were the Leland Quicks, the Howard Cravens, the Earl Arnolds, Allen Worcester, Mrs. Mabel Potter and Dr. William Castellberry. The occasion marked the birthday celebration of Rembert Trezevant.

hop on the BANDWAGON

In Twentynine Palms
Home of the New \$16,000,000 Marine Corps Base

Community of Opportunity

Yes, the new \$16,000,000 Marine Corps Base, providing for this area an annual payroll of \$10,000,000, makes Twentynine Palms a true "Community of Opportunity." Recognized as one of the "white spots" on the investment map, purchasers of real estate are flocking to Twentynine Palms, where choice properties of all types still are available at normal, non-inflated prices. Don't YOU miss this Parade of Realty Values—"Hop On The Bandwagon in Twentynine Palms"—where building construction has already increased 250% over last year.

All Types of Real Estate

It doesn't matter whether you seek Business Opportunities, Homesites, Residential Income Property, Motels, Business Frontage or Improved Residence Property, anything you buy here is a good investment NOW. We own or control several of the most desirable subdivisions in this part of the desert. Your home or business can be built at reasonable cost and on terms that will suit you. Our office handles every conceivable kind of real estate, and will see that YOU get full value for the money you invest.

Experience and Integrity

M. G. "Watty" Watkins has been in the real estate business here for more than 15 years. No person in the area is more familiar with properties and property values. Our sales staff of eight experienced salespeople has been carefully trained to handle all transactions in the highest ethical manner, with due consideration for both buyer and seller. When you buy real estate in a rapidly-growing community, you must KNOW that the broker who is offering properties is thoroughly familiar with their values, and scrupulously fair in all of his dealings. You HAVE that assurance when you deal with us. For Real Estate of all kinds and descriptions, see

William Smith to Head 1953 Chest Drive in Village

William Smith, head of the Coachella Valley Savings and Loan association was elected president of Palm Springs Community Chest at the annual meeting last week. Newton Hotchkiss, president this year, was named budget chairman for the 1953 campaign. Robert McKenzie was elected vice-president and chairman for the 1953 drive. Joe Gamble was named publicity chairman.

Attorney Rex Hardy, who conducted this year's drive reported that the campaign ended \$1,800 short of its \$36,500 quota.

He praised the 60 volunteer workers but said public apathy hampered them in their task. Mrs. A. G. Hoff was sub-chairman for the residential areas and McKenzie in the business districts. Harold Hicks was chairman of the Advance Gifts committee which accounted for almost 90 per cent of the total.

Boys' Club, Boy and Girl Scouts, Desert Museum and the Welfare and Friendly Aid society are beneficiaries of the Chest.

Check Artist

Phoney Red Cross
Workers Get Cash

A pair of check artists, reportedly posing as a Marine and an American Red Cross representative, continued to operate in Riverside county despite warnings from both the Red Cross and the sheriff's office in Riverside.

Sgt. John Beld of the Sheriff's office said that two more checks passed by the two men were picked up in Perris on Thursday, and Corona and Riverside have each accounted for one more.

Riverside and Corona each had accounted for two earlier this week, and a fifth check had been passed in Sunnymead.

The checks, averaging \$40 to \$50 each, are rubber-stamped "American Red Cross," and are signed by one Frank Gordon, who is identified on the check as the treasurer of the ARC at the national headquarters in Washington, D.C.

"If people would stop and think a minute," Beld said, "they would realize that the treasurer of the American Red Cross in Washington, D.C., is not going to write a check on a bank in Anaheim or Santa Ana."

Gas Stations

Decision Waits
Council Action

Decision on the extension of service stations, up before city planners recently, will be withheld until council, meeting as a committee of the whole, meets with the city planning commission to consider recommendations and protests.

Most of the city's service stations are now non-conforming and unable to expand or enlarge their facilities. City planners, to alleviate the situation, recommended that they be permitted to move to new and larger locations in C-R, C-1, and C-2 zones.

At the recent meeting protests were heard and planners were urged to permit stations to expand and beautify their present locations.

The final decision will be up to city council.

Sutter in Court for Sanity Test

Henry R. Sutter, 46, will undergo a sanity test in superior court today before two Patton psychiatrists, Drs. Francis Crowley and O. L. Gericke.

He entered a plea of guilty to the charge of murdering Samuel Davis, wealthy Desert Hot Springs property owner May 27 at a lonely spot north of the Village last Monday then later withdrew his plea and asked to be submitted to a sanity test. The request was granted by Judge John Gabbert.

Motorbike Crash

Two persons were injured when a motorcycle on which they were riding struck a rock on Highway 99 east of White-water bridge and skidded, throwing them to the ground.

J. C. Fisher, 21, U. S. Navy, and his companion, Freddie Knight, 17, Los Angeles, were taken to San Geronimo hospital after the accident.

From Page One—MORE ABOUT

THIS SIDE OF THE SUN

show, all in the same race, it is foolish . . . specially when the expert in the family has it figured out that all of the three picked are only a short stone's throw from the dog food factory or glue house . . . What matter if that is the way they finished and the expert's choice came in at sundown? . . . It just isn't being done . . . Tonight I'll get a comment at home: "Oh, Yeah?"

AND THEN comes John Connors . . . With a demand for \$2 . . . He said that Mrs. G's comment on Michael Emmett McGann and how that name would please him, cost him \$2 at Kiwanis club Tuesday . . . I referred the bill to Mrs. G. . . . Speaking of McGann, when he informed me there was a birth

in his family I said, "Sure, lots of them . . . Isn't that what you sell all day? Berths?" . . . I hope that one doesn't make the friendly S. P. unfriendly . . . But getting back to that column last week (I wish I could forget it) the boys in the back shop inadvertently left a line out of her column and I've been five days explaining that it was NOT sabotage on my part.

FROM BILL CONLIN, the auditor, comes a letter: "In re accident on Palm Canyon due to

open auto door. I saw this last Saturday afternoon . . . A car parked alongside the red curb in the 200 block for 15 minutes . . . It could be longer, I was only there 15 minutes . . . It was full of what appeared teenage boys, drinking cans of beer. One of them stood in the right hand traffic lane with his elbows parked on the door sill and his feet and other extremities parked in the traffic lane. Several near accidents occurred in this 15-minute period when cars using this right-hand lane

southbound) had to pull over into the center lane to avoid hitting this youth, causing cars in that lane to pull over into the northbound lane."

MANY PEOPLE who left Palm Springs a few weeks ago to escape the Summer heat found it hotter in the midwest and in the south than it was here last weekend . . . Summer, by the way, will be with us within a matter of hours . . . At 4:13 a.m. daylight time, it will be Summer here . . . Summer is scheduled

to arrive in this time belt at 3:13 a.m. (PST) June 21 . . . At 4:13 a.m., you know, under PDT, it is really only 3:13 a.m. PST . . . If you care to get up that early, you can have 14 hours and 17 minutes of sunshine Saturday providing you get out of the shadow of Mt. San Jacinto, bless him . . . Then it will remain Summer until the morning of September 21 when Fall will be here, the city a beehive getting ready for the new bigger and better season, new places

Windows Shot Out, Police Told

Youthful vandals found their way on to the police blotter again this week.

Leo Paquette reported to police that some boys had shot holes in the plate glass windows at his place, 308 North Indian avenue. Officer Ted Green investigated.

opening, all friends coming back.

In the meantime, hasn't this been a great Spring?

Tichenor and Devers Blank Banning, 3-0

16 Visitors Fan in Game Before Large Crowd

In one of the best softball games so far this season at the Polo Grounds, Palm Springs Merchants defeated Banning Tuesday night by the score of 3 to 0 in a County League game.

One of the largest crowds of the season saw the game. Frank Devers started the game and gets credit for the win. He held Banning to two hits in the four and one half innings he worked. Bill Tichenor then took over the slab duties and likewise blanked Banning, allowing only two hits. Each of them struck out eight of the visitors.

In the meantime the Merchants turned one hit and some Banning misplays into two runs in the first and scored another in the fourth after Brown, left fielder, hit for three bases, the longest hit in the game. Leon Heisser, leading local hitter, got two out of four Tuesday night.

Banning 000 000 000—0 4 4
Palm Springs 200 100 000—3 5 1
Valdivia and Adams: Devers, Tichenor and Heisser.

Valuable Prizes for Winners of Soap Box Derby

D. C. Stachler, of Stack's Chevrolet, who with The Desert Sun is sponsoring Palm Springs area entrants in the All-American Soap Box Derby to be held at Akron, Ohio, in August, said all the boys entered were busy completing their model racers to have them ready for final inspection July 12.

The regional trials will be held at San Bernardino July 19, a week later.

Winner of the San Bernardino trials goes to the finals at Akron.

Ten handsome prizes go to winners in the finals plus a score of individual prizes from various automotive firms.

Grand prize is a \$5,000 four-year scholarship in any college of the winner's choosing and the 1952 championship trophy.

Second prize is a 1952 Chevrolet sedan and trophy. Third prize is a motion picture camera, projector and trophy. Cameras, television-radio sets, and other valuable prizes complete the list.

Reich Returns from Navy War College

Herman Reich of the Village Market recently spent two weeks in San Diego at the U. S. Navy's Industrial War College.

He is a retired regular navy man and holds the rank of captain in the U. S. Naval Reserve.

SPORTS CORNER

NET QUEEN . . . Charming Maureen "Little Mo" Connolly, 16, women's national singles tennis champion, demonstrates her powerful serve prior to a benefit match. Miss Connolly is on her way to England to appear in various tennis events.

All in the Game:
FOUR of the world's boxing titles are held by foreigners—American fans want to know if our boys are slipping . . . Foreign champs holding world titles are: Vic Toweel, South Africa, bantam; Kid Gavilan, Cuba, welter; Lauro Salas, Mexico, lightweight, and Yoshio Shirai, Japan, flyweight . . . Joe Page, the Yanks' former relief ace, is unemployed—after failing at Syracuse in the International League, Page was cut loose by the Yanks' Kansas City farm . . . Blind bowler Joe Kelly of Wilkes-Barre, Pa., averages around 120 . . . Yoshio Shirai, new flyweight champ, won his first fight from a kangaroo on a foul—the beast kicked him . . . Johnny Wyrostek, bought from the Reds, may make the Phillies pennant contenders . . . Leo Durocher still has designs on Rex Barney, the former Brooklyn wild-man pitcher—says he knows Barney can win in time . . . Three types of weapons are used in fencing—foil, epee, sabre.

Hogan Finishes Third in Open

Tamarisk Country club's Ben Hogan didn't do so well in the U. S. Open at Dallas, Tex. last weekend.

He blew an early two-stroke lead as he started the final half of the event and collected third money—\$1000.

Julius Boros, Mid Pines, N.C., won the tournament and \$4000 with a 281; Ed Oliver, Lemont, Ill., was second with 285 and \$2500 and Hogan third with 286.

Desert League First Round to End Tomorrow

Second round in the Desert League will come to an end tomorrow night at the Polo grounds when Mhoon and Mhoon clash at 8:30. In their first encounter Desert Hot Springs took the Cathedral City club.

The third round of play starts next Monday night with Youth Center and Desert Hot Springs at the Polo Grounds.

Wednesday night Mhoon and Mhoon meet again, this time at Desert Hot Springs and Youth Center and Jaycee tangle here. Jayce and Mhoon and Mhoon close the week at the Polo Grounds Friday.

Heisser Tops Local Batters With .341

Merchants Meet Elsinore Tonight

Palm Springs Merchants will meet Elsinore in a County league game tonight at Elsinore.

The Merchants first scheduled meeting with Elsinore was cancelled.

Next week the Merchants draw two byes in the County League and will be idle both Tuesday and Thursday nights.

The County loop will close August 15 to be followed by a play-off series August 19, 21, 23 and finals August 26, 28, 30.

Little League Double-Header Set for Tonight

Second double header in the Little League is scheduled for tonight at the Polo Grounds as the lads in the 8-12 age bracket close the second round of play.

At 7 p.m. today Strobe Theaters and Junior Police will meet and at 8:30 the Boys Club will take on the Cravy-Hathaway team.

The Junior Police defeated the Theater boys in their first round clash and the Boys Club won from Cravy-Hathaway in the first round.

Large crowds have been turning out to see boys play the regulation baseball game.

eight games of the season. At bat 31 times, he has hit safely 11 times for a .354 average.

Palm Springs team batting average is .214, fifth in the list of seven teams.

Seeley and Self Pitch No-Hitter in Little League

LITTLE LEAGUE			
	W	L	Pct.
Junior Police	4	1	.800
Strobe Theaters	3	2	.600
Boys Club	2	3	.400
Cravy-Hathaway	1	4	.200

Curt Seeley and David Self of the Junior Police, Little League team, fashioned a no-hit, no-run game against Cravy-Hathaway Tuesday night at Polo Grounds before a large crowd while their team-mates went on to score nine runs on eight hits. The JPs maintained the pace by one game as Strobe Theaters won their game against the Boys Club Monday night 20 to 4.

Seeley and Self each struck out six men in flanking their foes. The fielders behind them committed but two errors to make it an interesting contest.

In the game Monday night, the Boys Club erred six times which, with 14 safe hits by the Strobe lads, accounted for 20 runs. Carrillo and Pellum, pitching for the Theater team, held the Boys club to four hits. Larry Meek of the winners, had a perfect night at the bat with four hits out of four times up.

In Tuesday night's game, Leonard Ruiz and David Self were the hitting stars for the Junior Police.

The scores:			
	R	H	E
Monday Night:			
Strobe Theaters	534	03—20	14 5
Boys Club	020	11—4	4 6
Carrillo, Pellum and Meek: Segundo			
Payne and Goff:			
Tuesday night:			
Junior Police	304	110—9	8 2
Cravy-Hathaway	000	000—0	0 4
Seeley, Self and Lewis: Tabor, Flores and Massingell.			

Tennis Courts Open Seven Days a Week

Howard Haddock, recreation director, said Wednesday that the municipal tennis courts at North End Park are now open daily throughout the day seven days a week. The courts are under direction of the city recreation department.

He also said that the swimming pool at the high school, jointly sponsored by the city recreation department and the Palm Springs Unified School district is open to the public every day from 2 to 6 p.m. and from 7 to 9 p.m.

Youth Center, in First Win, Trims Jaycee Nine, 9-2

CITY LEAGUE			
	W	L	Pct.
Desert Hot Springs	3	1	.750
Junior Chamber	3	2	.600
Mhoon-Mhoon	2	2	.500
Youth Center	1	4	.250

Youth Center won its first game in the City League Monday night and knocked the Junior Chamber of Commerce out of a tie for first place. Desert Hot Springs, idle so far this week, now is the sole holder of the top spot.

Talavera, Jaycee pitcher who two weeks ago shut out the Youth Center without a hit, gave up 11 hits to them this time. They turned those 11 hits and three Jaycee errors into nine runs while the Jaycee was getting two on nine hits.

Howard Lucas of the Youth Center, caught one to his liking for a four-baser.

The line score:
Jaycee 610 010 0—2 9 3
Youth Center 010 013 0—9 11 2
Talavera and Ted McKinney: Lewis and Reeser.

No Hunting Would Ban Guns in Resort Areas

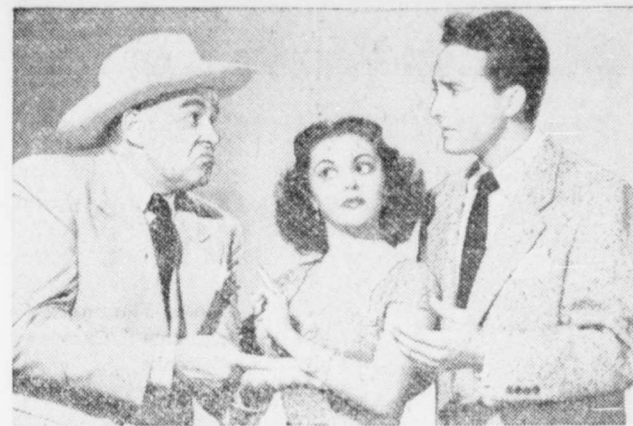

Supervisors Monday ordered the preparation of an ordinance that would prohibit the shooting of guns within Idyllwild and other settled sections of San Jacinto mountains.

Supervisor Sherman Lewis asked for the preparation of the ordinance, and the other supervisors voted unanimously with him.

He said the Idyllwild chamber of commerce recommended the ordinance to him, after it consulted with sportsmen's groups, the county fish and game commission, and state and federal agencies. The chamber said that some areas on the mountains are so heavily developed that shooting within them will inevitably produce accidents.

The ordinance would have some exceptions: shooting on established target ranges and shooting of pests.

Carnation CORNER

BY June Goodie

CARNATION HOME SERVICE DIRECTOR

HAPPY HUSBAND

when you serve plenty of co-o-old Carnation-Fresh Buttermilk! Fresh today and every day, with that real old-fashioned buttermilk flavor—great for plain, pure thirst-quenching enjoyment!

Buttermilk is nourishing for hot days when heavy meals don't appeal. Rich in Vitamins, and richer in Minerals than regular milk!

TOMATO-BUTTERMILK REFRESHER

Combine 2 cups Carnation Fresh Buttermilk with 2 cups tomato juice. Add 1 tsp. lemon juice or Worcestershire. Serve with salty crackers.

DOUBLE CHOCOLATE CAKE

(Makes two 8-inch layers)

1/2 cup butter
1/2 cup sugar
1 teaspoon vanilla
3 eggs
2 squares melted chocolate
1 cup Carnation Buttermilk
2 cups sifted cake flour
1 teaspoon baking soda
1 teaspoon salt

Blend butter, sugar, vanilla and eggs until light and fluffy; add chocolate and mix well. Add Carnation Buttermilk alternately with combined dry ingredients. Beat until smooth (about 1 minute). Pour batter into two buttered 8-inch pans (1 1/2" deep) or two 9-inch pans which have been lined with waxed paper. Bake in moderate oven (350°) about 35 minutes.

FUNNY LOOKING TREE!

Our chocolate comes from the cacao tree—and a very remarkable looking tree it is! The tiny pinkish flowers sprout directly from the bark of the tree trunk and branches—turn into large, rough, red, green, yellow or purple fruits. Sounds exotic, doesn't it? The seeds or "beans" of these fruits are the cacao of commerce, from which come our cacao and the chocolate.

CAKE COUNSELS

Don't be an "oven pucker"—the watched cake usually falls! Bake your cake for about the time the recipe says. It's fully baked when it pulls away from the edges of the pan and the center springs back when touched lightly.

Start oven while mixing your cake—so it's just right when you're ready to pop in your masterpiece. Rub the sides of cake pans with butter or oil and line with heavy waxed or brown paper. Allow baked cake layers to stand 15 minutes before removing from pan.

We Feature: Buttermilk Pancakes

Many a restaurant has become famous just by featuring buttermilk pancakes. Why? Because they're so light, tender and fluffy! And you can make them at home this way:

(About 6 servings)

2 cups sifted flour
1 teaspoon baking soda
1 teaspoon salt
2 cups Carnation Buttermilk
1 tablespoon melted butter

Combine flour, soda, salt. Stir in Carnation Buttermilk and melted butter. Blend thoroughly. Drop from spoon on hot buttered griddle over medium heat. Cook till bubbly, then turn. Serve with butter and syrup—or with Carnation Sour Cream and fresh fruit!

Perfect Pancakes

...the professional chef way, if you'll rub your heavy iron skillet or griddle with melted butter, shortening or oil between sets of pancakes.

REMEMBER, for old-fashioned buttermilk enjoyment—Carnation Buttermilk—fresh today and every day!

M. G. Watkins, 29 Palms Realtor, Desert Pioneer

One of the real pioneers of this desert area, M. G. "Watty" Watkins, realtor, has not only played a prominent part in real estate development, but has been an active worker in civic affairs ever since coming here in 1936.

"Watty" was the first vice president of the Twenty-nine Palms Realty Board when it was organized in 1946; and since that time was president of the group for three successive years. Presently he heads the Baseline Highway Improvement Assn., Inc., as president, and is active in realty board, Chamber of Commerce, Lions club and other organizations. He was twice president of the Twenty-nine Palms Chamber of Commerce.

His realty experience here has been varied. When he first arrived he represented Hamilton Sales Corp., and in 1945 he opened his own office in the present Watkins Realty building. The first year of independent operation, total sales of his office exceeded \$800,000. Among the well known subdivisions controlled by this office have been Indian Cove Estates just west of Twenty-nine Palms; the Palm Vista tract en route to the Monument, Morning Inside Heights tract, and many others.

To meet realty requirements occasioned by the new \$16,000,000 Marine Corps Base, the Watkins office now is offering widely diversified properties. Besides being exclusive agents for Silas S. Stanley subdivisions, the Watkins firm has business opportunities, business frontage, home and income properties of all descriptions. His long residence in the area gives him a knowledge of realty and realty values second to none, Watkins said.

Construction Workers at Base in Bowling League

Twits, Morrison-Knudsen and Maceo construction workers are enjoying league bowling at the Bowladium on Wednesday evenings, starting at 7 o'clock. The league is in its third week of play, and is receiving enthusiastic support from the construction companies. The Twits Co. is providing trophies, and D. G. "Bud" Hall, project manager, has made a substantial contribution to the prize fund.

Lieut. Commr. John P. Mapes, assistant resident engineer in charge of the Navy, is president of the new league, and captains one of the teams. While the men-folks are rolling their leagues, wives use the two spare lanes to improve their own games.

There are six five-man teams in the league: Pencil Pushers from the office; Slide Rulers of the engineering staff; Water Workers, who are laying water lines at the base; Flamingos of the surveying crew; Campers, made up of cooks and camp workers; and Gophers, non-classified help under Commr. Mapes.

Jack Lynn, owner-operator of The Bowladium, announced this week that the league has attracted wide attention in the community, and that Wednesday night crowds equal the best week-end attendance. Public is invited to see the newly-arrived citizens' league, Lynn said.

Second Addition Made to McLain's Auto Service

McLain's Auto Service, Richfield service station and garage on the highway in downtown Twenty-nine Palms, is being expanded for the second time this year to keep up with its rapidly-growing business. Ivan H. McLain, owner, announced this week.

In May, 1951, McLain leased the property, which he purchased last fall. Early this spring he built an addition 42 x 48 feet, to accommodate new equipment. Last month, the second addition, 24 x 60, was begun. It will house a new Visualiner wheel alignment machine, one of the most modern devices, which enables

the mechanic and the customer to see that wheel alignment is correct.

The success which has been enjoyed by this firm is phenomenal, and is due to guaranteed workmanship and fair prices, McLain said. Two full-time, factory-trained mechanics are employed: Lloyd McHenry, who is a Chrysler man, and Wilburn Standridge, whose training was obtained with General Motors, GMC trucks and the Ford Motor Co. McLain, an expert mechanic, started his own tool and die business in 1942, converting to automotive mechanics at the end of the war.

Sam's Character Room One Colorful Amusement Spot

Sam's Character Room is one of the most colorful amusement places in the desert, and has become a "must" for many visitors who feel that their visit to Twenty-nine Palms is incomplete unless they have called at this fun emporium, says Sam Marks, owner, operator and creator of the unusual atmosphere of the Character Room.

Marks, a self-confessed "character," has had a checkered and colorful career. For nearly 14 years, as a youth, he traveled the country with carnivals and circuses, and before moving here from Long Beach in 1953, was engaged in the garment business in various cities in Southern California.

In 1943, he purchased a pool hall, located where his present establishment stands, and in 1945 he built the first Character Room. Having realized a life-

long ambition, he suffered keenly the loss of the entire building, which burned to the ground in 1948.

With the aid and encouragement of Louis Jacobs, one of the oldest "old-timers" in the desert, who settled here in 1909, Marks immediately rebuilt the place along modern lines, and today — after expanding five times to keep abreast of the growth of the community — Marks has an entertainment center with a unique and interesting atmosphere of its own.

Sam acknowledges with gratitude the assistance and counsel of Mr. Jacobs, who enjoys a wide circle of friends, many of whom have known him as an authority on this desert for many years.

Currently entertaining nightly and at a regular Sunday afternoon soiree, is Sally Banning, who officiates at the organ, So-

Threat to Road Voiced by C. of C. of 29 Palms

Dangerous threat to future expansion of the present Twenty-nine Palms Highway by plans of the J. M. Montgomery civil engineering company of Los Angeles were cited last week by Chambers of Commerce throughout the Morongo Basin area, after the Twenty-nine Palms Chamber had sounded the alarm.

Protests against proposed installation of a new power line only 32 feet from the center of the highway right-of-way have been filed with the San Bernardino county board of supervisors by all Chambers of Commerce in the affected area.

When California Electric refused to install the additional high-line required to meet power demands of the new \$16,000,000 Marine Corps Base in Twenty-nine Palms, the Navy engaged the engineering firm to make a survey for a line to be installed by the Navy itself.

Survey revealed that if the present power line is followed from Garnet to the Base, new poles would have to be installed, and as an alternative, the engineering firm proposed to follow the highway instead, informed sources said.

If this were to be permitted by the county board, no future widening of the highway would be possible, and the right-of-way remaining would certainly be inadequate for a divided highway, which traffic to military installations in this section of the desert will undoubtedly ultimately require.

Last week, protests were filed by the Chambers of Commerce of Twenty-nine Palms, Joshua Tree, and Palm Wells, with added objections announced this week by the Yucca Valley and Morongo Chambers and the Baseline Highway Improvement Assn. Valle de las Vistas club, old-time civic group of Twenty-nine Palms, in a letter to the local Chamber, endorsed their action in opposing the proposal.

lovox and piano. Her act is highlighted by an illuminated keyboard, which is visible from the bar. The Character Room features Italian food, dining, dancing and entertainment.

Forgets to Pay Hotel Bill; Goes to Jail

Arrested at the Greyhound Bus depot as she prepared to renew her trip to Los Angeles after a brief stay here, Mrs. Doris Goff, 59, was sentenced in Judge E. E. Theriault's court to ten days in jail.

The charge was vagrancy. She had neglected to pay her bill at Palm Springs hotel.

SIX AID FUND FOR GIRL AT HOSPITAL

Six Villagers to date have contributed to the Charlene Thompson fund to aid the little girl who is ill at Desert Hospital.

Leaving checks or cash at The Desert Sun office, where other contributions may be made were Mrs. Louise McCann, Mrs. Cecil Isenagie, Mrs. Wilson O. Gibbs, Paul Graves, George Murphy, and Burnie Chase.

Coffman Attends Hotel Meeting

Earl Coffman of the Desert Inn, chairman of the resort hotel section of the American Hotel Association was in Ojai early this week as directors of the California Hotel Association met to map plans for their 1952 convention at Coronado.

Plans for a regional convention at Lake Tahoe in July were

Valley Children Get Chance to Shine in Movies

Yucca Valley and Joshua Tree produced some motion picture actors and actresses, almost overnight, this week when Gene Autry's Flying A productions, currently producing at Pioneer-town, hired several local children to play parts in "Dry Gulch at Devil's Elbow," a motion picture to be released over television as one of a series.

Damon Wheeler of Joshua Tree, Stephen and Franklin Heard, Kenneth Murcatoris and Sharon Boldizar of Yucca Valley were the aspiring young thespians. And according to Mrs. Clara Cottrell, child supervisor for the present films, Hol-

also discussed, Coffman will report on resort hotels at the Tahoe meeting.

lywood may have some new discoveries. Damon Wheeler especially proved an able actor with the majority of the speaking lines.

Pat Buttram, comedian in the picture, was very funny and impressive in the "barrel" of stories that he related to the youngsters, finally landing in a barrel and eventually into the hands of the "law" for influencing youth with his tall tales of out-laws.

The children appeared on Sat-

8—The Desert Sun
PALM SPRINGS, CALIFORNIA
Thursday, June 19, 1952

urday and were supervised by Mrs. Cottrell of Joshua Tree, former studio teacher, to see that as minors they were acting in accordance with studio ethics.

The local "stars" will see themselves on television sometime this fall.

AN INSURANCE RALLY—Members of California Association of Insurance Agents rally at the Rossmore hotel in directors meeting. Photo from balcony was taken during poolside luncheon of the group.

State Insurance Men Rally in Village for Discussions

Board of directors of the California Association of Insurance Agents met in Palm Springs last weekend at the Rossmore hotel to hear reports of officers and committees and map plans for the year. Executives of the association

It's the modern way to vacation!
Nothing beats driving your car—as far as the nearest airport. * From there on, nothing equals a big, comfortable seat on a Western Airliner!
SUCH MEALS!

More vacation for your money, too!
You can enjoy the speed and comfort of air travel for less than it costs to drive. Actual cost of operating your car, according to National Auto Club, is about 8 1/2¢ a mile. Western's fares are much lower...and you save the cost of meals and lodging enroute. That means extra dollars and extra days for your vacation!

Vacation Bible School Success

"The result of the first Vacation Bible school to be held in the community has been most gratifying," Dr. James H. Blackstone, pastor of Community church said this week.

The school was conducted from June 2 to June 13 with an average attendance of 101 each morning.

Closing program was held Sunday evening with a throng of parents and friends crowding the large primary room to view and hear the result of the school. There was a program of songs and recitations and an exhibit of the handiwork.

Appreciation was expressed by the pastor to department superintendents, Mrs. John P. Holditch, Mrs. Fred Morrison, Mrs. Frank Little and Mrs. Barbara Schulke and to the teachers and young people who assisted them.

sermon by the rector, the Rev. William A. Blondon at St. Paul's in the Desert Episcopal church.

There will be an offertory duet by Mr. and Mrs. Alex Hammond accompanied by Miss Eileen Carey.

The schedule of one 9 a.m. service will be continued throughout July, Rev. Blondon said. The church will be closed in August.

Sunday Text Says Spirit Forms and Governs Universe

The universe of Spirit is created and sustained by God and not by material force, the Lesson-Sermon in all Christian Science churches declares. The question "Is the Universe, Including Man, Evolved by Atomic Force" is the subject. The Golden Text is from Amos (4:13): "Lo, he that formeth the mountains, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is his name."

It is recorded in Mark's Gospel (6:49-51) that when the disciples saw Jesus "walking upon the sea, they supposed it had been a spirit, and cried out . . . And immediately he . . . saith unto them, Be of good cheer: it is I; be not afraid. And he went up unto them into the ship; and the wind ceased."

A passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy reads "Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws. His acts were the demonstration of Science, overcoming the false claims of material sense or law" (p. 273).

St. Paul's Church Service at 9 a. m.

Holy Communion will be celebrated Sunday at 9 a.m. with

THE UNDERSIGNED AGENTS, HAVING TAKEN AN ACTIVE PART THROUGH THE YEARS IN EFFORTS TO OBTAIN BETTER FIRE INSURANCE RATING THROUGH IMPROVEMENT IN OUR FIRE DEFENSE FACILITIES, ARE PLEASED TO MAKE THIS REPORT TO OUR INSURANCE BUYERS.

Effective January 1st, 1952 the Board of Fire Underwriters announced that the City of Palm Springs has been re-rated from National Board Class 7 to National Board Class 6, with an immediate reduction in fire insurance rates on dwellings.

This improvement in the rating of Palm Springs was brought about by several factors, principally the wise expenditure of the bond issue by the City Council and City Administration in acquiring new fire defense facilities, and the high standards of the fire department and the water company.

A typical frame-stucco dwelling with fire-resistive roof, was reduced in rate from \$7.25 per \$1,000.00 for three years to \$6.50 per \$1,000.00. These new rates were applicable on all new and renewal policies, after January 1, 1952.

The re-rating of non-residential property posed an entirely different and more complicated problem. Each mercantile building is rated by specially trained fire engineers on a basis of construction, use, and proximity to nearby buildings from which a fire may be communicated. This entailed assigning of a crew of engineers to inspect every building in the community. We appreciated the consent of the Pacific Fire Rating Engineers to putting Palm Springs on an earlier schedule than we had hoped for, with the result that new mercantile rates on all Palm Springs buildings have now been published, effective May 1, 1952.

The new rates are being studied with respect to each insured building. In some cases there will be an advantage in cancelling the existing policy, and writing a new policy at this time. In other cases the rate reduction will have to wait until the present policies expire. We will advise our respective clients as the studies are completed.

In a relatively few cases the recent engineering has brought to light conditions which bring about a higher rate, due to changes in occupancy, construction, or exposure to nearby frame buildings erected since the last engineering survey.

On the whole, the reductions are very satisfactory, and we are proud of the progress made by our community in this respect.
